Abstract—**Krabi locates on Southern Thailands East Coast where is an area of outstanding natural beauty. Krabi is a great place to relax and much of the province has been designated national park. The Krabi coastline is dotted with rarely visited tropical islands, palm fringed beaches, waterfalls, caves, and strange rock formations. The organizing committee is pleased to invite all researchers, engineers, physicians, scientists, technicians, and technologists to attend and help shaping the future of biomedical engineering. The topics for regular sessions include, but are not limited to, the followings:**

I. Introduction

The 6th Biomedical Engineering International Conference (BMEiCON2013) is intended to provide an international forum where researchers, practitioners, and professionals interested in the advances in, and applications of, biomedical engineering can exchange the latest research, results, and ideas in these areas through presentation and discussion. All presented papers will be submitted for inclusion in IEEE Xplore. Also selected papers are encouraged to publish in the International Journal of Applied Biomedical Engineering (IJABME). The BMEiCON2013 will be held in Krabi, Thailand, on October 2325, 2013. I wish you the best of success.

II. Submission of Papers

Prospective authors are invited to submit fulllength papers, including figures, tables, and references, via our website. All papers will be peer reviewed and handled electronically. All papers submitted must be previously unpublished and may not be considered for publication elsewhere at any time during the review period. Any accepted paper included in the final program is expected to have at least one author or qualified proxy attend and present the paper at the conference.

A. Special Session Proposal

Special session proposal must include a topical title, rationale, session outline, contact information, and a list of invited speakers. Special session authors are referred to our website for additional information regarding submissions.

1) Venue and Transportation: The 6th Biomedical Engineering International Conference (BMEiCON 2013) will be hosted at Krabi Resort (www.krabiresort.net), Krabi, Thailand. The venue is located in Ao Nang. It is about 30 km or about 30 minutes away by car from Krabi International Airport (KBV). In addition, it is about 16 km or about 15 minutes away by car from Krabi city. Krabi Resort has a long and beautiful private beach on the Andaman seaside.

III. How to get to Krabi

Both getting to and getting around Krabi is quite easy. Visitors to Krabi may arrive by air, bus, car, or boat from destinations both north and south of Krabi, as well as from Phuket and Phang Nga provinces to the west of Krabi.

A. By Air

Daily flights from Bangkok operate by Thai Airways International (www.thaiairways.com) Thai Air Asia (www.airasia.com). The trip takes 1.20 hours. Flyn Ride operated by Nok Air. Fly'n Ride means that you fly with Nok Air from Bangkok (Don Meuang) to Trang then with a convenient connection by coach to Krabi. Please visit http://www.nokair.com/contents/promotion/krabi/en-US/index.html Bangkok Airways operates daily flight from Krabi to Koh Samui (Surat Thani). For more information, please visit www.bangkokair.com International flights: Tiger Airways (www.tigerairways.com) connects Krabi and Singapore, Flight from Kuala Lumpur, Malaysia, is serviced by Air Asia (www.airasia.com)

B. By Bus

There are both air-conditioned and non air-conditioned buses that connect Bangkok, Phuket, Phang Nga, Trang, Hat Yai, and Surat Thani (Samui) to Krabi Bus Terminal. The bus from Bangkoks Southern Bus Terminal to Krabi takes approximately 12 hours.

C. By Car

If you are traveling by car, please see driving directions from provided on Google Maps. Krabi Resort GPS Location: N 8 02.136 E 98 49.089.

IV. How to get to Ao Nang

A. From Krabi International Airport

The local airport limo monopoly charges a fairly steep 600 baht for a transfer (up to 4 people). Many hotels will arrange a pickup at similar prices on request. Travel time is about half an hour.

B. Local shuttle buses

really just converted pickup trucks (Song-Thaew) run from Ao Nang to Krabi (40 baht) and from Krabi to the airport (50 baht). The total trip between Ao Nang and the airport takes little less than 2 hours. To get to Ao Nang from Krabi town you should look for a white Song-Thaew outside the 7-11 shop.

C. Big buses

There is a big bus service from the airport to Ao Nang beach and Noppharat Thara Beach (just after Ao Nang). There are about 4 services a day. It travels from the airport to Krabi, the ferry terminal, then onwards to Ao Nang and Noppharat Thara. Good for some sight-seeing. Rates are 150 baht per person and travelling time to Ao Nang is 1 hour. The buses are not new and are quite noisy. But, the best part is, the bus can drop you off at the doorstep of most hotels in Krabi, Ao Nang, and Noppharat Thara. Just let the driver know the name of your hotel in advance. Language is not an issue, as most of them speak some English. For the return trip, you can call the hotline 1 day before to arrange pick-up at your hotel. Or you can wait at any of the 4 bus stops in Ao Nang (one is in front of McDonald's) and Noppharat Thara. You need to be there at least 10 minutes before the bus is due to arrive. You can buy tickets on the bus or in any of the tourist information points.

V. How to get to Krabi

Both getting to and getting around Krabi is quite easy. Visitors to Krabi may arrive by air, bus, car, or boat from destinations both north and south of Krabi, as well as from Phuket and Phang Nga provinces to the west of Krabi.
